## DESCRIPTION

The **Rhino Hit & Spin Shield** is designed to take **contact training to the next level**, helping players refine their **tackling accuracy, timing, and body positioning**. Its **padded construction** ensures **maximum protection** for both the tackler and the shield carrier, creating a **safe and effective** training environment.

Built for **durability and longevity**, this shield is made to withstand **intense, repeated impact**, making it **perfect for regular training sessions**. The **adjustable height feature** allows the shield carrier to vary the target position, encouraging players to **develop precision, footwork, and reaction speed** with every hit.

- **Enhances tackling accuracy, timing, and body positioning**
- **Durable padded construction** for safety and long-lasting use
- **Adjustable height feature** for realistic and dynamic training
- **Perfect for improving contact confidence and technique**

Train like the best with the **Rhino Hit & Spin Shield – the ultimate tool for tackling precision and power** from Rhino Rugby South Africa.
