DESCRIPTION

The **RTD Target Tackle** is designed to bring training in line with World Rugby's tackle height regulations, ensuring safer and more effective tackling techniques. This innovative training tool helps players lower their tackling height, develop a **heads-up approach**, and refine precision in contact situations.

Key Benefits:

- **Improves Tackle Technique** – Encourages correct body positioning for safer, more effective tackles.
- **Enhances Accuracy** – Reinforces precise tackling at the right height, reducing penalties and dangerous play.
- **Eliminates "Superman Syndrome"** – Prevents reckless diving tackles and promotes controlled engagement.
- **Anti-Cheat Mechanism** – Ensures players commit to proper form without shortcuts.

Perfect for players at all levels, the **RTD Target Tackle** is an essential tool for modern rugby training, aligning with the evolving demands of the game. Train smarter, tackle safer with Rhino Rugby training equipment.
