Origin	Supplied by Gimtrac (Pty) Ltd

DESCRIPTION

The **Rhino Rebel 3 Junior Scrum Machine** is designed to provide the ultimate rugby scrum training experience for young players. Featuring the innovative Adjustable Binding Arm position, this state-of-the-art binding system replaces the older ‘Elephant Ear’ handles, offering a modern approach to scrummaging.

Developed in partnership with Bristol Bears scrum expert Mark Irish, the Adjustable Binding Arm allows props to customise handle positions to their arm length, delivering a safer and more realistic scrum training environment. The Rhino Rebel 3 Junior is perfect for enhancing technique, power, and teamwork in junior players, ensuring they build a solid foundation in scrum skills.
