

TimeTronics VideoTakeOff

SUPPLIED BY GIMTRAC (PTY) LTD

SPECIFICATIONS

Category	Athletics, Sports Timing Equipment
Origin	Supplied by Gimtrac (Pty) Ltd

DESCRIPTION

A VideoTakeOff camera helps officials decide whether a jump is a foul, and calculates where the athlete placed their foot at take-off in the long jump and triple jump. It shows the calibrated result within seconds – useful for both competition and training.

Required side products

You will need a computer to run the VideoTakeOff software – offered as an optional product (TTC-003), or you can provide your own.

Our delivered laptops:

- preinstalled with your licence key and software
- photo finish system parameters configured
- delivered with computer mouse and carrying case

Required computer - VideoTakeOff:

- minimum i3 processor
- 8GB RAM
- 128GB internal storage
- SSD storage

TimeTronics product code: TTC-036

Supplied by Gimtrac. Gimtrac (Pty) Ltd supplies, installs and supports TimeTronics timing equipment in Southern Africa. Prices on request – contact us with your venue and events and we will quote the configuration that suits you.
