Finish: Galvanised	316031GN
Finish: Galvanised + Powder Coated Dark Grey	316031HC

DESCRIPTION

The Gimtrac freestanding volleyball posts need no holes in the floor. Each post sits in a holder on a weighted base, with four concrete blocks in a cradle behind it, and a pin in a slot keeps the post square to the court. Castors under the base and a dolly at the front let you roll the posts on and off the court.

Specifications / What's Included:

- Net height 2.43 m, 2.24 m or 2.13 m at the centre (men, women and juniors)
- Posts: Ø76 mm steel tube, 2.5 m above the floor
- Net: Deportiva 4 mm black, 9.5 x 1 m, 100 mm mesh
- Tensioning: steel cable over a sheave, ratchet strap

- Base: 1 131 x 703 mm, 553 mm high, padded
- Ballast: 4 concrete blocks per post, 610 x 205 x 150 mm
- Moving: castors under the base, dolly at the front
- Finish: galvanised, powder coated dark grey, or galvanised + powder coated dark grey (select your finish); bright zinc sliders
- Weight: approx. 54 kg a post, without the blocks

Features:

- Free standing: each post sits in a holder on a weighted base, so there are no holes in the floor
- Padded: the base is covered with 30 mm foam padding in Gimtrac navy, rounded on every edge and printed with the Gimtrac logo or yours
- Easy to move: castors under the back of the base and a dolly that hooks into the front; the posts lift out of their holders
- Height adjustable: a slider on each post, with a spring-loaded selector pin and black ball knob that drops into the post at each height
- The net's top cable runs over a white acetal sheave at the top of each slider: shackled to a lashing eye on one post and to a ratchet strap that pulls the net tight on the other
- Galvanised, powder coated dark grey, or galvanised + powder coated dark grey, with bright zinc plated sliders

Made to order: other net heights (beach, sitting, mini), any powder-coat colour, galvanised and/or powder coated, and padding in your colours with your logo. Contact us for a quote.
